

Bluetooth

## Prepare the perfect meat with Cappec's BBQ Bluetooth Thermometer.

Connect wirelessly between the thermometer and your phone or tablet using Bluetooth.

### APPLICATION NAME: "CAPPEC"

Download free APP from the APP STORE

or GOOGLE PLAY STORE

## Quick guide to get started

1. Download the free Cappec application on either iOS or Android store.
2. Install the Batteries
  - a. Using the provided screwdriver remove the battery cover on the rear panel
  - b. Insert the batteries following the +/- markings
  - c. Replace door and screw
3. Insert the probes in both P1 and P2 on the sides of the unit
4. Turn on the Bluetooth on your smart phone and tablet and open the CAPPEC application.
5. Press and hold the on/off button (center key) until LED is on.
6. Thermometer and application will now pair instantly.
7. You are now ready to use the application.
8. Full manual can be found inside the application by pressing "CAPPEC MANUAL" under the INFO tab.
